MEMORANDUM FOR : Deputy Director (Plans)
THROUGH : Acting Chief, DPD-DD/P
SUBJECT : CORONA/ARGON Meeting

1. Attached is a memorandum from Colonel Martin, Air Force Deputy Director, Office of Missile and Satellite Systems (headed by General Curtin) calling for a meeting, at the request of Dr. Charyk, pertaining to DISCOVERER. It would appear that the meeting is being called as a result of the ARGON (#1104) - Bio-medical (#1025) schedule conflict, which was resolved at the last CORONA meeting on the West Coast, but later reopened as a result of General Schlesinger's instruction to BMD to schedule #1025 in December, thus slipping ARGON #1104.

2. However, in view of recent indications, particularly relating to clearance requests, and item 1.a., attached, it is possible that Dr. Charyk may introduce General Curtin and the USAF Office of Missile and Satellite Systems as his agent in collaborating with this Agency, at the Washington level, in CORONA/ARGON matters.

3. Messrs. Kiefer, Parangosky and [redacted] will attend the 3 November meeting mentioned in attached memorandum
